I spoke with Mike N. several times in last week to let him know I'm going to be getting briefings or having meetings on some of the big picture items. For example, on the budget, I'm going to see where we are on the large spending drivers (labor contracts, Medicaid, education, etc.). I just want to see what kind of increases the departments are planning in these areas for FY 10, and will let you know as I find out this stuff.

Also, Begich and Comeau apparently sent a letter today to you regarding emigration from the Bush to Alaska's urban centers. It's on the ADN website. You should look at it if you haven't seen it. Privileged or Personal Material Redacted

We are having several folks look into this for us. Privileged or Personal Material Redacted

I think this can be addressed in the upcoming session. Randy is going to attempt to draft a response to Begich. This is a statewide problem. The migration is happening in every region of the state.
